Valencia, Spain / Badovinci, Serbia | [Saša Pajić](#) | +381601390393 | sasathepajic@gmail.com

## WORK EXPERIENCE

### Freelance

*Web-designer, HTML and CSS developer*

**Remote**

*February 2022 - May 2023*

- Designed user interfaces (UI) for a web-based platform GitWorks that supports the collaborative development of Cyber-Physical Systems and Digital Twins.
- Utilized HTML, CSS, and JavaScript frameworks such as Angular to implement user interfaces.
- Created a user-friendly, searchable repository for models, tools, and services, enabling users to easily find and utilize digital assets.
- Created reusable and customizable UI elements such as tables, lists, sidebars, navbars, buttons, etc. to ensure a cohesive look and feel, enhancing user interaction and overall application usability.
- Applied responsive design techniques, ensuring the application's performativity, inclusivity, and usability across various devices.

### Freelance

*Web-designer, Front-end developer*

**Remote**

*August 2022 - January 2023*

- Designed and developed a barber booking website using Angular and Firebase, enabling barbers to manage their schedules efficiently.
- Oversaw the entire development lifecycle, from initial concept to deployment, ensuring a robust and scalable solution.
- Designed and implemented intuitive UI components that facilitated easy booking for clients.
- Implemented mobile responsive design.
- Conducted thorough testing and debugging to optimize performance.
- Enabled three barbers to handle an average of 10 appointments per day, resulting in more work and higher monthly bookings.

### Freelance

*Graphic designer*

**Remote**

*February 2021 - January 2022*

- Designed graphic content for marketing campaigns, product launches, and social media channels, enhancing the visual presence of a local sportswear brand.
- Created personalized overlays, banners, and emotes for Twitch streamers, enhancing their visual identity and viewer experience.
